

**SHIPPING THE USED CANISTER FOR RECYCLING FROM CANADIAN LOCATIONS**

1. Shipping and recycling are prepaid with the purchase of a canister, so do not use another recycling company. Canisters must be returned to the AB Dental Trends selected recycling center to complete the cycle and get the Recycling Certificate.
2. Fill out this form completely so that the Recycling Certificate can be mailed correctly. Incomplete forms will result in refusal of the used filter.
3. Fax the completed form to AB Dental Trends at 1-800-817-6705. A UPS prepaid shipping label will be sent to you via the US Postal Service.

**FORMS WITHOUT A COMPLETED CERTIFICATION OR BLANK FIELDS ( BELOW ) WILL BE RETURNED TO SENDER AND NO SHIPPING LABEL WILL BE MAILED.**

4. Place the form in the box
5. Completely seal the box. Apply the "LIMITED QUANTITY" sticker provided to outside of box.
6. When the UPS label arrives in the mail, apply it to the carton.
7. Take the package back to your facility and put in with your regular UPS shipments, or give the package to any UPS driver, or drop off at a UPS depot or any other UPS drop-off point. There will be no charge associated with any of these options. If asked, the classification is "Consumer Goods - Limited Quantity"

I CERTIFY that I have properly disinfected this canister by adding the supplied disinfectant into both ports and sealing as directed by the instructions.  
This canister is no longer a Bio-hazard.
